

ENIKO KOSZTOLANYI

PERSONAL PROFILE

I am an energetic and imaginative young web developer who is able to work alongside other talented IT professionals in creating websites to the very highest standards.

My passion is to create dynamic and intuitive user experience.

I love new technologies and always invested in bringing unique ideas into life by building highly functioning websites and applications.

Contributing to the creation of user-centered high-quality products is what drives my work ethic.

I am a resourceful problem solver with great attention to detail.

I am constantly learning new technologies and methodologies in order to help businesses grow. Right now I am looking for an entry level position with an exciting company that wants to attract talented people.
